Arrow
Epidural Catheters with NRFit Connectors
Designed to enhance comfort and safety
The quality of care you demand for your patients
Arrow FlexTip Plus Epidural Catheter now with NRFit Connectors.

The Arrow FlexTip Plus Epidural Catheter from Teleflex is clinically proven to significantly reduce complications in the epidural space. The coil-reinforced polyurethane FlexTip Plus Epidural Catheter from Teleflex is designed to provide the precise balance of softness and strength needed to achieve ease of placement, reliable patency and less inadvertent penetration. It is available in a single-port or multi-port tip for preferred drug dispersion.

Teleflex has adopted ISO 80369-6 standards to support efforts to improve patient safety in neuraxial settings. The NRFit Connector is designed to reduce the possibility of misconnection between devices that are not intended to connect.
Thread Assist Guide with NRFit Connector

Distal Flashback Window
Two flashback windows permit easy visualization of blood or cerebrospinal fluid.
Centimeter Markings
Needle positioning band indicates exit of catheter from needle

Reliable patency
The coil reinforcement of the catheter resists kinking and increases the tensile strength, leading to less block failures and breakage compared to nylon-polyamide catheters.²⁻³

Less inadvertent penetration
Distal tip design reduces the risk of vessel puncture¹⁻⁵ and paresthesia²⁻⁶ and is available in both open tip and closed tip configurations.

### FlexTip Plus Epidural Catheter with Thread Assist Device with NRFit Connector

**ASK-05500-NRON includes:**

- Epidural Needle with NRFit Connector
- Loss of Resistance Syringe with NRFit Connector
- SnapLock Catheter Syringe Adapter with NRFit Connector
- Injection Needle: 25 Ga. × 1½” (3.81 cm)
- Injection Needle: 27 Ga × ½” (2 cm)
- Syringe: 10 ml Lock with NRFit Connector
- Syringe: 3 ml Lock with NRFit Connector
- Syringe: 5 ml Luer-Slip
- Syringe: 3 ml Luer-Slip
- Towel: 13” × 18” (33 cm × 46 cm)
- Drape: 31½” × 35½” (80 × 90 cm) with oval fenestration, with adhesive
- 5 Micron Particulate Filter Needle with NRFit connector
- SharpsAway Disposal Cup
- Dressing: Adhesive 5” × 4” (12.5 × 10 cm)
- Filter: 0.2 Micron Flat with NRFit Connector
- FlexTip Plus Epidural Catheter with Thread Assist Device with NRFit Connector
- Prep sponge swab
- Epidural pad
- Dressing, Steri-strip
- Medicine cap
